

Prophetic Word

Rev. Pattie DeLea

**Do you hear the sound of heaven,
Rumbling, tumbling towards the earth?
Hundreds, thousands, entering new life,
Entering into the new birth.
The harvest is coming quick
To all who want the Son.
The harvest where you will be busy
Accomplishing for the One
Who bought you.
Every calling will be fulfilled
As My body begins to unite.
All moving as one
An army of incredible might,
For I will back up with action
That which you speak and say;
And, yes, it will be a brand new day
Such as the world has never seen,
Nor will they ever again!
For I will wipe away every tear
And that which seems so important and dear
Will dim and be of no import.
So stay on track, don't miss the bigger picture
The ball is in My court.
I am God!**

On The Mission Field - Israel Report

Rivers in the Desert (RDM) is excited to report that we are now helping to support Kerry, Sandy, and Tasha Teplinsky (Light of Zion Ministry) who relocated to Jerusalem in 2009.

Sandy, Kerry, Tasha

We were first introduced to Kerry and Sandy at a Harvest International Ministry pastor's conference over a year ago by Pastor Debbie Malouff at Harvest Rock Church. The Lord impressed Debbie that we needed to connect with them since one facet of Rivers in the Desert Ministries is ministering our Jewish Roots to believers. After connecting with Kerry and Sandy the Lord impressed upon us to begin regularly supporting their ministry. Much to our surprise, we learned that they were relocating to Israel almost immediately. Sandy is a former litigation attorney, and ordained pastor who accepted Yeshua as Messiah during her studies at the University of Illinois. Kerry is a cardiologist who accepted Yeshua as Messiah after completing his medical studies at the University of Chicago. We believe the meeting was indeed God's timing for RDM. Now living by faith, instead of their professions, Kerry, Sandy, and Tasha are doing a wonderful work for God among the Jewish people in Israel.

The following is an excerpt from their ministry report.

Kerry has begun Hebrew school in order to become more fluent in the language. He has also volunteered his medical expertise at a hospice center in Jerusalem, and has also taught at one of Israel's medical schools.

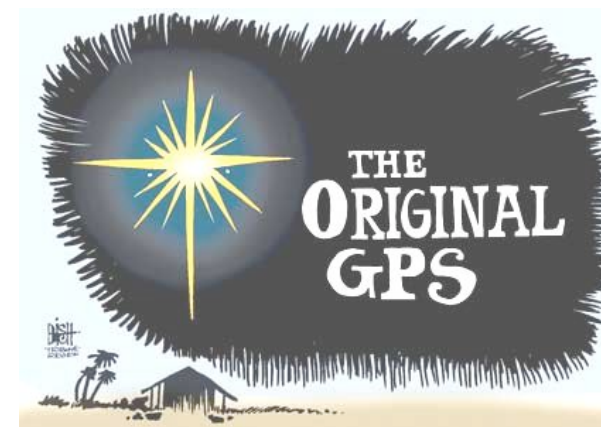

Sandy is leading intercessory prayer meetings in Jerusalem. In the spring of 2009 she taught and ministered at one of the local worship centers there and during the year has hosted many local leaders and international guests. Sandy has also published several books about Israel.

Tasha is involved in four different Messianic youth ministries and is presently undergoing testing for placement in the army after she graduates from high school. She is learning to trust God as never before and covets your prayers as she prepares to enter the Israeli army.

In 2009 Light of Zion ministered financial assistance to Jews and Arabs who were in dire financial straits. The majority of the assistance was donated to widows, single mothers, and children.

If you have a desire in your heart to support a Jewish ministry with a heart for the Jewish people, both Jews and Arabs, we cannot think of a more deserving ministry.
