

Praise Reports

I was in a tremendous custody battle with my ex-husband, who is a very controlling person. I asked RDM and others to pray for me. In the natural it looked like he would win custody of the children. Tonight I am praising God. I won complete custody rights. "If God is for us, who can be against us." Romans 8:31 Thank you Lord Jesus for answering prayer. BC

I was having a horrible relationship with my boss that went on for several months. It seemed like he was "out to get me" in every possible situation in order to get me fired. I asked RDM to pray about the situation along with me. Recently a group of us from work had to take a trip together. I was dreading it because I knew my boss would be on the trip with us. I was amazed because he actually treated me with kindness. I believe God is healing this relationship. Praise the Lord! LG

We needed to purchase health insurance for our daughter who is in school and works part time. The insurance would cost us \$1,500, and frankly, we were unsure how we would come up with that amount of money. We prayed and agreed for the money to come in. Within two weeks my husband received a letter from his job saying they were giving him this exact amount for saving the company money through one of his ideas. This is the biggest bonus he has ever received. Thank you Jesus. PD

Several months ago, I asked RDM to pray for my sister Angie who was diagnosed with cancer. At this point in time I am praising God for her recent health report. Her doctor informed her, she is in complete remission. Hallelujah! NR

I had my yearly mammogram and a week later was called back to have it redone. As I entered the room I saw my previous x-rays on the viewer and on both films there was an area half inch long, circled and high-lighted. My first thought was how big it looked! As I waited for the doctor to view my new films in the darkened room with my original x-rays glowing, I looked at them thinking: God's word is more real than the x-rays, I am seeing. RDM had prayed the night before that my new x-rays would be clear. The doctor returned and said, "See you next year your mammogram was perfectly clear." As I got dressed with the original x-rays still mounted on the viewer glowing in the darkened room, I began praising God from a very grateful heart. PS

Thank you so much for your prayers. I love everyone at Rivers in the Desert. Please tell everyone I said thank you. My family has received a miracle due to your prayers. My sister, Lorraine, suddenly went blind in one of her eyes. After many tests, doctors decided she needed a very delicate surgery for a brain tumor. She survived this complicated surgery and is now able to see, smell and taste better. The doctors are all amazed at her recovery and one of the surgeons said she had someone in that operating room looking out for her as she lost quite a bit of blood. We know it was Jesus. God sent a woman chaplain to her room when I was with her and we were able to talk about the Lord and make sure of her salvation. Thank God, what the enemy meant for evil God turned around for good. Thank you Jesus, you deserve all the praise, glory and honor. LF

I want to say a word of deep appreciation to RDM for your continual support in prayer concerning my job. I received a letter from my employer stating he wanted a review. I have worked at this place 12 years and never had one. It did not seem promising. What was on the report was half-truth. I was concerned about the meeting but decided to trust in God. That is when I called RDM about the situation. On the day of the meeting for the review God met me with peace, joy, and confidence in Him. The meeting went really great because God was in control of it. I ended up doing a review on my boss and his operation. The Holy Spirit put the words in my mouth. I give all honor and glory to Jesus. I am thankful for every prayer offered on my behalf through the RDM prayer team. Truly it was a miracle because I was at such peace that it did not matter whether I kept my job or moved on to another. God is in control of my whole life, not just my job. Jehovah Jireh is my provision. Thank you again, Ray, Pattie and all prayer partners. God has once again turned for good what the enemy meant for evil. KH

Back in November I put in a prayer request for my niece, Danielle and her husband Robert. He needed a good paying job here instead of overseas and a closer walk with the Lord. They had many financial needs. Danielle was standing on the Word. Robert came back from overseas in December. She continued to pray and obey the Lord. Now, we are all praising God together, not only did God heal the marriage, but Robert was offered several excellent jobs with good pay here in the states. Now they are looking to buy a truck. God has been supplying all of their needs. Praise the Lord, it is awesome what the Lord has done! SD

Prophetic Word

**More, more, says the Lord of Hosts, open wide your hearts,
Let Me paint a picture so you'll begin to start
To see Me by faith in My glory robe
Coming to visit, your heart to probe
Every place of hurt, sorrow, and shame
Pouring in My oil and wine, touching every pain.
Allow Me to fill every hallow place
With My love, My beauty and My grace!
For I your God am more than you now know
And your being is able to express more of Me, and so,
Cry out to Me, more Lord, more each day
Until others begin to see and to say
"Why is it these Christians seem to glow?
They have something-I am desperate to know
It is a calm, a peace I do not have, a rest
Surely it is from their God-He must be the best!"
Children, there is so much more of Me
Ask My Spirit to help you see
Be not blinded by tradition or religiosity
For legalism will have no place
In the coming "astonishing" outpouring of My grace!
Yes, the word will become well worn you see,
Yes, the word "unprecedented" as they speak of Me
For I will manifest Myself as the Mighty and the Great
On behalf of those who have taken the time to eat from My plate
Filled with the precious fruits of My Presence, sweet.
So take the time, make the effort, to sup at My feet.
For as you do, there will be transformation great
Come, children of My Presence, eat from that plate.
For you are My people, My glorious ones
And I would have you fully express My dear Son.
Days ahead for the world will be full of dread and fear
But you, oh, My precious blood bought ones, you who have drawn near
Days of My holy fire filling your temple as by My Spirit you are led
Days unprecedented, yes, they are ahead.
I am telling you today, want only Me...
And you'll not be disappointed for I want only thee!
You've desired that I "use you" but that you'll no longer pray
As you begin to see from My perspective, you'll begin to say
Father has more in mind as He rests on me as my own treasure
I'll have access to the manifestations in so much greater measure!
For I would have you each be carriers of My presence divine
Let Me change you, desire more, until you think just like the Vine,
And the fruit in that day that you will produce will astonish
And it will be the natural, the norm and so today, you I admonish...
Desire above all else, My presence!**

PD
