Praise Reports

Several years ago the Lord showed me to write a devotional book based on the Song of Solomon. We had been teaching that book for about four to five years in a Bible Study. He put the devotional in my heart by showing me the book layout. I'd been trying my best to write it for the last several years, but always would hit an invisible wall. Finally, a few months ago, I prayed and sat at my desk and got really specific with the Lord asking where was I missing the boat on this book. He immediately answered, saying in His kind way, "Pattie, you are making this far more difficult than I intended." That got my attention. I asked Him how. He said "remember how you knew to do this task?" I said "yes, the book outline". He told me to just picture it again, so I did. After about five minutes I was about to stop when He said: "no, you're not done yet, keep looking at the picture I gave you." So I continued seeing it in my mind's eye. Suddenly, it became crystal clear to me. I was trying to bring in portions of all the great things we'd been studying in the Song of Songs. That is not what He was after. I was to teach on some of the prophetic words given to me during that season which were based on the Song of Songs. Within three months I was able to finish the book and get it typed into the computer! God is amazing and super patient with us. We hope to have the devotional available in the first quarter of 2026! To God be all the Glory for the things He has done. P.D.

Lynn Benedix sent an amazing report about her sister's healing from Cancer. Her sister and the entire family researched for several months before any decisions were made about what to do concerning this. They decided to go with Cryoblation. This is a procedure that can be used on any localized cancer. It requires no anesthesia, no surgery, and is FDA approved. It is given by localized injections of a substance similar to liquid nitrogen that freezes the cancer, killing it. The entire family is praising God as her mass was large but now, one and a half years after the procedure she is completely free of the cancer! To God be all the Glory. L.B.

I asked RDM to pray for my grandson, Ryder. He woke up and was unable to move his neck. The pain was so bad he vomited three times. They took him to urgent care, praise God as it was a bad muscle strain and nothing was broken. He is being sent home and is now resting. Thank you Jesus, You always answer prayer! D.C.

Requested prayer as felt super ill after a nerve burning procedure earlier in the day. I could not open my eyes or walk for several hours afterwards. I've had this procedure done many times over past ten years and never had this type of reaction. Only God could have, and did, helped me. Thank you to RDM and the team of praying ladies! Jesus, You said it is "Finished" and it is. Thank you for healing me of all these foul circumstances. D.C.

One day I discovered I had a strange rash. It was weeping so I went to urgent care. The doctor gave me a powder to use on it. It was beginning to heal well, but then I broke out in an allergic reaction on my whole torso. Back to urgent care. This time a five day course of Cortizone plus different meds for the rash. The new meds did not seem to work like the original powder. I prayed and took a chance using the powder, and I was fine. The rash went away. I'm praising the Lord as I trusted Him. About two months later the all over allergic reaction occurred again, this time I refused to go to urgent care, I prayed and trusted the Lord to heal me of the allergic reaction. He did in two days what it took Cortizone five-six to do. Thank you Jesus for touching my body. P.D.

The grace of God got me through the panels at my job. God got me through the pain. The grace of God fixed my car and my son's car. He is truly walking with us. Thanking Him for His amazing grace in all situations. M.M.
